
John Warner, Republican Candidate, Visits Here

John Warner, Republican candidate for the U. S. Senate, was facinated with the Eternal Flame on the grounds at the Court House Square honoring veterans who gave their lives for their country during four wars. In the above photo, Robert Carter, Attorney, points out names of local veterans who made the supreme sacrifice as Warner looks on. Also in the photo is Jimmy Helms of Farmville, a campaign worker for the Republican candidate; and Ralph Merritt Hamlett of Pamplin, candidate for Mayor of the Town of Pamplin.

Warner, who made a brief stop in Appomattox Monday, March 13, while campaigning in Central Virginia, said he felt he was particularly fortunate to have served his country in three wars. He was a sailor in World War II, a Marine Corps Officer in the Korean War, and from 1969 to 1974, during the Viet Nam War, he served as Under Secretary and Secretary of the U. S. Navy. Having spent at least ten years of his life in national defense, Warner wants an Army, Navy and Air Force in our country second to none. He is deeply concerned with the weakening posture of national defense in this country.

In talking with Mr. Warner Monday, he said he was opposed to the Panama Canal Treaty; opposed to the ever expanding, out-of-control Federal Government and all the regulations it sends out daily; opposed to the Humphrey-Hawkins Bill; opposed to the ERA amendment - but is in favor of equal rights for women." He added that he wants a cross-the-board tax cut for people and to see the economy stimulated.

John Warner, born in the Nation's Capital, grew up in Northern Virginia. His ancestors come from Amherst. He attended Washington & Lee University in Lexington under the G. I. Bill where he received a degree in engineering. He earned his law degree from the University of Virginia in 1953.

With about twelve candidates running for the seat in the U. S. Senate, Warner is the only one that has had "head-to-head" negotiations with officials of the Soviet Union and is the only one engaged in agriculture. Mr. Warner said "farmers need help and they need it now." One thing he hopes to do if elected to the U.S. Senate is to have less government control over sale of farm products and increase the foreign market for farm products.

Warner and his wife, the former Elizabeth Taylor, live on the family farm in Middleburg. They have seven children and attend the Emmanuel Episcopal Church there.

Letter To The Parents Regarding School Absentees

Dear Parents:

I feel the need to communicate with you again concerning school attendance. We have implemented step #1 dealing with early dismissals. I am very pleased to reported that there has been a very significant improvement in this area.

On Monday, March 13, we began step #2 which consists of an excused/unexcused system for daily absences. This is a system which is commonly used in secondary schools throughout Virginia. When students are absent, the following are considered to be acceptable (excused) reasons for missing school:

(1) personal illness
(2) illness or death in the family
(3) medical, dental or legal appoints (with appointment card or validation slip presented to homeroom teacher)
(4) approved pre-arranged trips (parents are requested to contact the principal or assistant principal)

Students will be excused to secure their learner's permit and/or driver's permit in Appomattox. This will be handled through the early dismissal system.

When a student is absent for any of the above reasons, he or she will have the opportunity to make up the missed work. When a student is absent for reasons other than those named above, he or she will be considered unexcused and will not be permitted to make up the work, including tests, quizes, etc.

However, in order to allow some flexibility, the following will be permitted; On a one-time basis only, with parental approval, for a student absence, if the reason given on a note from home is an unexcused one, the student will be given an opportunity to make up the missed work. This means that if you find that it is essential that your son or daughter remain out of school a day for some reason other than those listed above, then one time between the 13th of March and the beginning of exams your son/daughter will be given the opportunity to make up the missed work. Your son/daughter will need to indicate the particular day to the homeroom teacher.

In an effort to provide some additional incentive for school attendance several alternatives are being pursued. For the remainder of the school year, we will publish a monthly list of the names of students who have achieved perfect attendance for March, April and May, respectively. At the end of the school year, special certificates will be awarded to students who have exhibited perfect attendance during the 1977-78 school session. It is very possible that next year certificates of attendance will be awarded each semester.

Thank you for your cooperation.

Sincerely,
Don L. Armentrout, Principal
Appomattox County High School

The weather man did not do too much helping with Easter week end. Maybe church attendance was helped, however, because it was not ideal trip-taking weather, so folks stayed home and went to church. 'Twas a wet week-end, and apparently so all over. The Easter parade on New York's Fifth Avenue turned out to an umbrella contest. On Martha Street we had a steady drizzle.

Heavens to Betsy, my garden has been plowed. Just before the rain began. Have a hoe and several packets of seed, so any day now might be dry enough to start planting. I am the most unskilled gardener there is. Just what do you do when the seed is so tiny you can barely see it, but the instructions say to cover the seed twice their diameter. I take it that means blow some dust on it. But if you do not cover seed, birds will get'em. There are millions of amateur gardeners and they get better all the time. Fortunately there are enough experienced gardeners around to keep the rest of us well fed.

Did you save any of your school books? I came across one of mine, called "Youth and the New World." Used it in college in 1926. With your own book you are free to write comments on the page margins, a hobby I do not practice with borrowed or library books. Bass, Conner, Hubbard Seek Re-election To Town Council

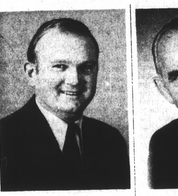
R. L. Bass



T. E. Conner

R. C. Hubbard

R. L. "Dick" Bass, T. E. "Sonny" Conner and R. C. "Bob" Hubbard, three incumbents, are seeking re-election to the Appomattox Town Council subject to the election May 2, 1978.

Bass, a native of Appomattox County, has lived most of his adult life in the Town of Appomattox. He served on the Council from 1966 to 1969 at which time he resigned when he moved into the county. He was re-elected to Council in 1976 and now serves as Chairman of the Water Committee and is a member of the Fire Committee and the Sewer Committee.

He recently resigned as a member of the Appomattox Volunteer Fire Department after serving as Chief and Registration for more than 34 years.

For the past 32 years, Bass has been in mechanical and construction work in Appomattox County. At this time he is employed as manager of Clover Hill Manufacturing Company.

Married to the former Dorothy Williamson, they are the parents of a daughter, Mrs. Doris Nash, and a son, Tommy Bass. They have two grandchildren.

Conner, a native of Appomattox County, is a 1958 graduate of Appomattox High School.

He was employed by Mead Corporation in Lynchburg for five years before accepting a job with TRANSCO Station 170 in Appomattox in 1963. He is Class "A" Repairman at the local TRANSCO station.

Appointed to the Appomattox Town Council in 1970, he has been a member since that time. As a member of council, he serves as chairman of the Finance Committee and the Sewer Committee.

This year, Conner is serving as Recreational Chairman for the Annual 1978 Railroad Festival.

Conner, his wife, the former Nancy Lewis, and their two children, Steve, age 15, and Richard, age 13, are members of Liberty Baptist Church.

Hubbard, a native of Appomattox County, was appointed to council in 1965 to fill the unexpired term of the late Randolph Gilbert and has been a member since that time.

He serves as chairman of the Finance Committee and serves on the Street Committee and the Water Committee.

Hubbard says he is very interested in the continuing of projects already started on by the Town of Appomattox, particularly the water facility. He feels that serving on council is a civic duty and he wants to make a contribution to the Town of Appomattox and its citizens. "You certainly do not serve on Council for the pay you get," Hubbard said. "You serve because you feel you can contribute to the progress and growth of a place you live in and are interested in."

Hubbard retired October 1, 1977 after spending 31 years with Merck, Sharp & Dohme, parmaceutical and biological manufacturers.

Bass says he is very dedicated to the citizens of the Town of Appomattox and the county and is interested in the growth and development of both.

Conner, a native of Appomattox County, is a 1958 graduate of Appomattox High School.

He was employed by Mead Corporation in Lynchburg for five years before accepting a job with TRANSCO Station 170 in Appomattox in 1963. He is Class "A" Repairman at the local TRANSCO station.

Appointed to the Appomattox Town Council in 1970, he has been a member since that time. As a member of council, he serves as chairman of the Finance Committee and the Sewer Committee.

This year, Conner is serving as Recreational Chairman for the Annual 1978 Railroad Festival.

Conner, his wife, the former Nancy Lewis, and their two children, Steve, age 15, and Richard, age 13, are members of Liberty Baptist Church.

Motorists Flag Asks CB'ERS To Help

Motorists can signal need for help to passing CB-equipped vehicles with a simple highly visible flag available from the Central Virginia REACT Team.

With one in ten vehicles now able to call for assistance to REACT volunteers who monitor CB Emergency Channel 9, use of this flag can bring help quickly. The REACT member who receives the call for help on his base station CB radio uses the telephone to notify the police, highway patrol, auto club, fire department or other services.

CBers who see this flag are requested to call REACT on Channel 9 and report the location and description of the vehicle in distress. Whether or not you have CB in your car, the REACT "Help Flag" can be a valuable aid to have in your glove compartment. It can summon help when you most need it - even if your CB radio isn't working.

To obtain a REACT "Help Flag", contact Mickey Martin, 352-8149, or Paul O. Martin, 352-7256, of the Central Virginia REACT Team.

SET-ASIDE AND GRAIN RESERVE PROGRAM MEETING

Mr. W. E. Bondurant, Jr. Chairman of the Appomattox County ASC Committee has announced a set-aside and grain reserve program meeting to be held on Wednesday, April 5th, at 8 p.m. Mr. Bondurant stated that the exact location of the meeting would be announced by the ASCS office and notification would be sent to farmers in the county.

In his comments Mr. Bondurant said that the meeting is to be held to inform farmers of the set-aside and grain reserve programs and to hopefully help farmers to decide whether or not they want to participate in the programs.

For more details Mr. Bondurant said to contact the ASCS Office.

Lions Club To Sponsor Performance By Madisonians

"The Madisonians", James Madison University's Jazz Ensemble and Vocal Jazz Choir, will perform April 14th at 8 p.m. at Appomattox County High School auditorium.

The Lions Club of Appomattox is sponsoring this performance. Tickets are now on sale and be purchased from any member of the Lions Club or at the Farmers National Bank, Fidelity National Bank, Wilbun's Supermarket, or Times-Virginian.

"The Madisonians" have been invited to appear at this year's National Association of Jazz Educator's National Convention to be held in Dallas, Texas on January 6, 7, 8. "The Madisonians", who performed their concert on November 17, are becoming known around the state and the region for their unique style of singing. Instead of staying in the usual "pop" vein, the group is becoming more and more a Vocal Jazz Ensemble. The invitation to the NAJE Convention is the culmination of a lot of hard work by this year's group, and by the group in past years. In the past, "The Madisonians" have performed in front of the Southern Regional or Music Educators National Conference, and the Virginia Music Teachers Association, and have worked with such outstanding jazz artists as Kirby Shaw and Gene Grier.

"The Madisonians" will also be performing later in the semester at the Southern Regional Convention of the American Choral Directors Association, which will be held in Atlanta, Georgia. The group will be performing at Fairfax High School, Appomattox, and Covington later in the year. They are becoming one of the top collegiate choirs in the country, and with the NAJE invitation in hand, may prove to be just that. The Jazz Ensemble has already proven themselves, so it is only fair that the Jazz Choir step into the limelight with them.
